

# BATTLE OF THE PADDLES HAMILTON ISLAND

**GATORADE®**

## BARGE LOADING OF CANOES

Please ensure that canoes are loaded onto trailers allowing enough room to ensure that they are not damaged during loading onto the barge. Canoes loaded upside down on trailers will not have enough clearance to be loaded onto the barge. If your canoes are transported upside down please ensure that before loading onto the barge they are lifted enough to clear the barge door loading.

Either roll canoes upright or lift the ends to clear the barge door. Canoes not loaded correctly will not be transported to the island on their trailers.

Hamilton Island Enterprises takes no responsibility for any damage to canoes during loading and transportation.

### Conditions of Carriage of Passengers, Baggage & Cargo (in part)

#### *Passengers Baggage and Cargo Carried at Own Risk*

a) The passenger, their baggage and/or other goods are carried entirely at their own risk and HIE accepts no responsibility for damage, including death, injury, delay or loss of any nature arising out of or incidental to the said carriage, or any service ancillary thereto (including transport of the passengers, their baggage and/or goods to and from the terminal, and including any substituted method of carriage adopted by HIE) and the passenger for themselves and their executors, administrators and dependents expressly renounces all claims against HIE in respect thereof whether the same may be due to alleged to be due to negligence or misconduct on the part of HIE or its staff or not. b) HIE accepts no responsibility for any damage including injury, delay, or loss of any nature, arising of or incidental to the carriage of cargo and baggage or any service ancillary thereto (including transport to and from or storage at any cargo terminal, aerodrome, or taking off or landing places), whether due or alleged to be due to misconduct or negligence on the part of HIE or its staff or not.
