

HAMILTON ISLAND

# *Factsheet*

HAMILTON ISLAND  
GREAT BARRIER REEF AUSTRALIA

## WHY CHOOSE HAMILTON ISLAND?

Direct and easy access / In the heart of the Great Barrier Reef / Year-round tropical climate /  
Wide range of activities / Great food and wine / Variety of accommodation / Unique community and events

## LOCATION AND ACCESS

Hamilton Island is perfectly located just off the Queensland coast of Australia and in the heart of the Great Barrier Reef. Of the 74 Whitsunday Islands, it is the largest inhabited island, measuring 4.5km from north to south and 3km from east to west, and positioned approximately 887km north of Brisbane (by air).

The only island in the Great Barrier Reef with its own commercial airport, access to Hamilton Island (airport code: HTI) is easy with short, direct flights from Sydney (2 hours), Melbourne (3 hours) and Brisbane (90 minutes), plus good connections from other Australian cities. There are also quick 1 hour direct boat transfers from Port of Airlie on the mainland.

## CLIMATE

Situated on the same latitude as Honolulu in the northern hemisphere and Mauritius in the south, Hamilton Island enjoys a year-round tropical climate with an average temperature of 27°C.

January	31°C / 87°F	July	22°C / 71°F
February	30°C / 86°F	August	23°C / 73°F
